

Make your OWN Gerald the Snake!

Materials

Green Construction Paper
Red Construction Paper
Googly Eyes
Scissors
Glue Stick

Instructions

Cut green construction paper in 2 inch strips. Loop first strip and glue the ends together.

Loop second strip through the first one and glue the ends together. Continue this as long for as long as you would like the snake to be.

Glue googly eyes on the first loop as you see in the picture.

Cut the red construction paper in the shape of a snakes tongue and glue to the first loop under the eyes as seen in the picture.
